FCO Spanish Consulate Desk:

20th/July/2018

In our letters many letters to the British Embassy, and to Rt Hon Sir Alan Duncan and our MP there are serious questions to be answered and allegations of corruption that have not been even spoken about. This has to be criminal negligence on behalf of the FCO, we have asked 5 times for the answers and they won't give them, because it leads directly to the imprisonment of NCA staff and other security services, ALL MASONS! Why won't you answer the questions?

I'm going to sue you all jointly and individually and bring a criminal prosecution against all involved at the FCO including Phillip Hammond, Boris Johnson and all other people who have had the request for answers to serious allegations of crimes in the security services. You will go to prison for this, anyone involved!

This is a sequence of emails that clearly shows that the Poder Judicial issued the letter below dated 28/05/2018 to us after we had made serious allegations about the NCA to the foreign office only 5 days earlier, it clearly shows collusion between the security services and the courts, this is a criminal offence and we would like to have all data looked at and communications between the people who issued the letter and who told them too!

Below there is a clear contradiction/lie from one party, either the Malaga Court, or the Ministry of Justice, the Ministry say they have applied for the documents to Malaga court, the Malaga court say they have not. Also the Malaga court say they have not asked Marbella for the documents as they received no request from the ministry. I have seen the documents myself at the Malaga court so they are clearly lying.

Add to this our lawyer said that the court in Marbella has been closed and everyone dismissed. They have a new court 4 now in a different location with different staff.

It's all a fabrication and misinformation and we are filing criminal cases forthwith.

Dear Jacqueline Featherstone

My Tel: 00 44 7522 521994

I have received a letter, attached:

FCO Letter Nic Daikin Scan1525254279563.pdf

from;

Rt Hon Sir Alan Duncan,

Minister of State for Europe and the Americas,

King Charles Street,

W1 2AH,

London,

UK.

He said we should email you to help us find out the status of our claim against the Spanish justice system for false imprisonment and damages of 5,200,000 Euros, by contacting our lawyer and the court and finding out exactly what the status is.

You have our permission to contact the court and the lawyer, the lawyer's details are attached, the lawyers name is Luis Tatay.

Luis Tatay Abogado Profile.pdf

I have provided the court documents we have received from the Spanish Ministry of Justice,

Attached:

This is the petition for compensation, as requested by the Spanish fiscals office for the case.

1. Reclamación patrimonial funcionamiento anormal admon justicia.pdf

This document is confirmation of the case filed with the Ministry of Justice.

Confirmation Of Case Filed.pdf

This document is the start of the process to assess damages.

2nd doc 201709190951.pdf

Please make the inquiry and get back to us as soon as possible.

You need to be aware the case has been corrupt from the beginning to the end.

Not ending this case is deliberate, and has been for many years, to cover the corruption that is involved from the NCA and Spanish Government, and it's all related to the Masons who stole my

business and framed me with this case, we are filling a £4 billion pound lawsuit against the persons and organisations involved in the UK.

We are unable to proceed with a European Human Rights Case, theft of intellectual property, conspiracy to pervert the course of justice and many other charges, against the Spanish and British Governments until we have this concluded. They have deliberately dragged this out for years and we will be seeking legal redress against the Judicial Mafia in the EU, they now say they don't have the court papers.

Without the final Sumario court papers and other court papers we are unable to take the case further and find out who was perverting the course of justice from the UK manipulating the Spanish authorities with lies, that's why they won't give us the papers, this is illegal in international law. You have duty to find out where our court papers are.

You could further assist us by answering the attached letter which was a request for information sent to the British Embassy in Madrid and the Consulate in Malaga. I would like to know why we never had a response to this letter, and answers to all the questions raised in there.

I will be filling charges against the Spanish state judicial mafia and National crime agency for conspiracy to pervert the course of justice and perjury along with Gangstalking by the state and RNM illegal surveillance ordered by the National Crime Agency to cover up their illegal Mason actions.

We will file against the FCO and British Government also as soon as this case compensation is concluded along with many civil suits against all organisations involved and every individual.

On a different issue, we sent 6 letters to members of the FCO registered delivery and got no reply we would like to know why we got no reply and why nothing was done about the corruption outlined and who at the FCO was involved in covering it up?

Copy of the letter attached:

1 - Letter to the FCO and British Embassy 5th November 2015.pdf

Also in this letter was the following documents:

2- Prime Minister letter 5-11-2015

4 - Spanish Case

sent to:

The Rt Hon Philip Hammond MP Secretary of State for Foreign and Commonwealth Affairs

The Rt Hon David Lidington MP Minister of State for Europe

The Rt Hon Hugo Swire MP Minister of State at the Foreign & Commonwealth Office

The Rt Hon Baroness Anelay of St Johns DBE Minister of State at the Foreign & Commonwealth Office

James Duddridge MP Parliamentary Under Secretary of State at the Foreign and Commonwealth Office

Tobias Ellwood MP Parliamentary Under Secretary of State for the Foreign and Commonwealth Office

This letter also copied to:

British Embassy, C/ Fernando el Santo, 16, 28010 Madrid.

British Consulate Malaga, Calle Mauricio Moro Pareto, 2, 29006 Málaga, Spain.

We feel we have been stopped from getting justice at every turn, this deliberate hold up and not allowing us our legal rights to have the documents from the court case means we are being denied justice by the state, this is unacceptable what are you going to do about it?

We just need this to be over so myself and my family can get on with our lives it has taken too much of it already. My son has not known life without this hanging over us. The only thing that will put this as right as it can be is compensation, where is it?

Looking forward to your reply

Kind Regards

Our lawyer first received this letter on the 28th May, directly after we were looking at filing charges against the Poder Judicial, we had a meeting with a lawyer and one day later this was sent, it's clear that Spanish National security are stopping and perverting the course of justice at the request of the NCA. They were listening in and trying to head off another legal action.

Please read carefully what it says, they say they have made a request to Malaga 1 court Audiencia Provincial and Marbella number 4 court.

This is in direct contradiction to what the embassy told us, as the embassy have already been caught lying to the Daily Mirror group over this case, what are we supposed to think. In truth we are filling cases against you and the Poder Judicial for conspiracy to pervert the course of justice and torture as outlined in our case about to go to the Audiencia Nacional against the NCA and British Government, the sentence carries a life sentence in EU law.

Subject: Issues with compensation

Dear Jayne

Apologies for not contacting you earlier. Christine Ringham in the FCO in London has passed on your details and asked us to contact you.

I will speak to Jackie Featherston next week about how we may be able to help but I understand the principal concern is the amount of time the court is taking to process the claim for compensation made by your lawyer (Luis Tatay?).

We would be happy to call the court and try to clarify what the situation.

Would you or your lawyer be able to provide us with details of the court that is dealing with the compensation? Any information you have would be helpful such as court reference numbers, etc.

Kind regards

Dominic

Dear Ms. Owens,

Further to your emails in relation to Mr. Gary Owen's case and the Spanish Judiciary system, our apologies for not having been able to reply sooner. As I believe you are aware the Spanish Judicial system can be very slow and sometimes frustrating.

Whilst we sympathise with your situation, the British Consulate staff are not legally trained or in fact have a legal section that could advise or intervene in these matters; nor is it our role. We are unable to become involved in specific cases or investigate particular cases. However, I can now confirm that in this instance, we have been able to speak with Malaga Audiencia Provincial courthouse, "Seccion 1ª" who are the courthouse mentioned in the paperwork you sent us, that the Spanish Ministry of Justice requested apply for the necessary information from Marbella Instruction court Nº 4 in relation to Mr. Owen's case. In spite of data protection, the Malaga Audiencia Provincial court did agree to check on the progress of this matter. The Audiencia Provincial de Malaga, Seccion 1ª Court whilst unable to discuss the specifics of the case told us that to date they have not received a request from the Spanish Ministry of Justice, consequently they have not requested any papers from Marbella.

Malaga Audiencia Provincial courthouse suggested that we inform your lawyer Mr. Luis Tatay Lopez, so that if he felt it necessary he could pursue this matter. We have now spoken to Mr. Luis Tatay Lopez, we have relayed your concerns to him and he has confirmed to us that he continues to monitor this matter with the Spanish Judiciary system which is extremely slow and still likely to take further time to resolve. He also confirmed that he is in regular contact with you.

I trust that this reply will be of some help to you.

Best regards

Jackie

Subject: Re: Re contact of courts owens

Hi

i still don't understand what that means. So your saying the ministry of justice has not asked for any paperwork from court No 4 marbella so basically nothing has been done since our lawyer put in our paper work for compensation nearly 1 year ago??.

i am completely aware that the courts in Spain are slow we have lived with their incompetents for years over 25+ years. Gary Owens is not on trial in this case the courts of Spain are, for all their mistakes and malpractice in this case. Why do we have to suffer for that and why will the British government not stand up for us to push this to a conclusion. When at the end of the day it was the British courts whom sent Gary Owens back to Spain without making the Spanish courts prove they had any further proof they could take this case any further.

They just spent 1 year and thousands of £'s on an extradition which when he was sent back to Spain he was put in prison and they let him out again 1mth later and since then nothing has happened. this is 7/8 years ago. no one has ever spoken to him since.

in regards to our lawyer he is only in contact with us when we contact him. its like no one wants this to end !! Why?

if we can not even get a answer from the lawyer we have paid or the british government other than the system is slow or your usual line (which we have heard a thousand times in the past 25+ years) **"We are unable to become involved in specific cases or investigate particular cases. "**

Where do we go for answer!!?

What are we supposed to do. i have no faith in the british courts either but i am sure this would not happened in the Uk or they would not be able to get away with it in any case

please tell me what we are supposed to do? just except they are slow and let them steal more years of our life?

Do you think this is acceptable or just??

i'm at a loss that the spanish and the British governments can treat people like this and get away with it.

when this is over there will be a lot of people needing to answer a lot of question on how this could and did happen.

I am sorry that you remain obviously frustrated at the situation you and Mr Owens find yourselves in, but the only way to progress with this issue is through a legal representative as the matter is in the hands of the Spanish judiciary.

We are only therefore able to assist in clarifying what the current situation is and trying to ensure everything that should be being done is being done. To that end I have spoken to the court in Malaga and spoken to your lawyer.

As I mentioned in my previous email, your lawyer told us that he is monitoring the situation and in contact with you. Maybe you could use this opportunity to contact him again following my intervention to press him on exactly what he is doing and what more he might be able to do.
